Center for the Health Sciences
Los Angeles, CA 90024

Re: Grant #2053

Dear Ms. Fried:

The Scientific Director and CTR's staff have discussed your letter of October 10 concerning partial support of the First International Conference on Bombesin-like peptides to be held in Rome, Italy in October, 1987.

This is a topic of interest to the Council, and the list of speakers suggests that the quality of the meeting will be very high. We certainly consider support of such conferences important to our mission. I therefore am pleased to tell you that we will make a contribution of $2,500.00 (the maximum amount we allocate for the support of a meeting) to help defray the costs of the symposium. A check for that amount is enclosed with this letter.

We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector. We would also appreciate your holding open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
